

ZECOTEK PHOTONICS INC.

MANAGEMENT INFORMATION CIRCULAR

This Management Information Circular is furnished in connection with the solicitation of proxies by the management of **Zecotek Photonics Inc.** (the “Company” or “ZMS”) for use at the Annual General Meeting (the “Meeting”) of the shareholders of the Company to be held on Wednesday, December 30, 2016 at the time and place and for the purposes set forth in the accompanying notice of meeting. Unless otherwise indicated, the information contained in the Circular is given as at November 25, 2016 and all dollar amounts set forth are expressed in Canadian dollars.

PROXIES AND VOTING RIGHTS

Solicitation of Proxies

It is expected that solicitations of proxies will be made primarily by mail and possibly supplemented by telephone or other personal contact by directors, officers and employees of the Company without special compensation. The Company may reimburse shareholders’ nominees or agents (including brokers holding shares on behalf of clients) for the costs incurred in obtaining authorization to execute forms of proxies from their principals. The costs of solicitation will be borne by the Company.

Appointment of Proxies

The persons named in the accompanying form of proxy are nominees of the Company’s management. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person (who need not be a shareholder) to attend and act in your behalf, either by striking out the two printed names and inserting the name of your nominee in the blank space provided, or by completing another form of proxy.**

To be valid, a proxy must be dated and signed by the shareholder or by the shareholder’s attorney authorized in writing. In the case of a corporation, the proxy must be signed by a duly authorized officer of or an attorney for the corporation.

The completed proxy, together with the power of attorney or other authority, if any, under which the proxy was signed or a notarially certified copy of the power of attorney or other authority, must be delivered to Computershare Trust Company of Canada, Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, or to the Company at the address set forth above, by mail or fax by 10:00 a.m. (Vancouver time) on December 24, 2016 or at least 48 hours (excluding Saturdays, Sundays and holidays) before the time that the Meeting is to be reconvened after any adjournment of the Meeting.

Revocation of Proxies

A shareholder who has given a proxy may revoke it at any time before the proxy is exercised by:

- (a) executing a proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the registered shareholder or the registered shareholder’s authorized attorney in writing or, if the shareholder is a corporation a duly authorized officer or attorney of the corporation, and by delivering the proxy bearing a later date to Computershare Trust Company or the registered office of the Company at Suite 1000-595 Burrard Street, Vancouver, BC, V7X 1S8 at any time up to and including the last business day preceding the day of the Meeting or any adjournment of it, or delivered to the Chair of the Meeting on the day of the Meeting or any adjournment of it, or
- (b) personally attending the Meeting and voting the registered shareholder’s Shares.

A revocation of a proxy will not affect any matter on which a vote is taken prior to the revocation.

Registered Shareholders

If you are a registered shareholder, you may wish to vote by proxy whether or not you attend the Meeting in person. If you submit a proxy, you must complete, date and sign the Proxy, and then return it to the Company's transfer agent, Computershare Trust Company of Canada by fax within North America at 1-866-249-7755, outside North America at (416) 263-9524, or by mail or by hand delivery at 9th floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1 not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time that the Meeting or the adjournment thereof at which the Proxy is to be used.

Non-Registered Shareholders

Only registered shareholders, or the persons they appoint as their proxies, are permitted to attend and vote at the Meeting. Shareholders who do not hold their shares in their own names (referred to herein as "Non-Registered Shareholders") are advised that the only proxies that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the records of the Company as the registered holders of Shares).

If Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Shares will not be registered in the shareholder's name on the record of the Company. Such Shares will more likely be registered under the names of the shareholder's broker or an agent of that broker. In the United States, the vast majority of such Shares are registered under the name of Cede & Co. as nominee for the Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms).

Intermediaries are required to seek voting instructions from Non-Registered Shareholders in advance of shareholders' meetings. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

If you are a Non-Registered Shareholder:

You should carefully follow the instructions of your broker or intermediary in order to ensure that your shares are voted at the Meeting.

The form of proxy supplied to you by your broker will be similar to the Proxy provided to registered shareholders by the Company. However, its purpose is limited to instructing the intermediary on how to vote on your behalf. Most brokers now delegate responsibility for obtaining instructions from clients to ADP Investor Communication Services ("ADP") in the United States and in Canada. ADP mails a voting instruction form in lieu of a Proxy provided by the Company. The voting instruction form will name the same persons as the Company's Proxy to represent you at the Meeting. You have the right to appoint a person (who need not be a Beneficial Shareholder of the Company), other than the persons designated in the voting instruction form, to represent you at the Meeting. To exercise this right, you should insert the name of the desired representative in the blank space provided in the voting instruction form. The completed voting instruction form must then be returned to ADP by mail or facsimile or given to ADP by phone or over the internet, in accordance with ADP's instructions. ADP then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Shares to be represented at the Meeting. **If you receive a voting instruction form from ADP, you cannot use it to vote Shares directly at the Meeting – the voting instruction form must be completed and returned to ADP, in accordance with its instructions, well in advance of the Meeting in order to have the Shares voted.**

Although as a Non-Registered Shareholder you may not be recognized directly at the Meeting for the purposes of voting Shares registered in the name of your broker, you may attend at the Meeting as proxyholder for your broker and vote your Shares in that capacity. If you wish to attend at the Meeting and indirectly vote your Shares as proxyholder for your broker, you should enter your own name in the blank space on the voting instruction form provided to you and return the same to your broker in accordance with the instructions provided by such broker, well in advance of the Meeting.

Alternatively, you can request in writing that your broker send you a legal proxy which would enable you or your nominee to attend at the Meeting and vote your Shares.

The Board of Directors of the Company has fixed November 25, 2016 as the record date for the determination of persons entitled to receive notice of the Meeting. 3. Presentation of the Annual Financial Statements

The Company's audited financial statements along with Management's Discussion and Analysis for the year ended July 31, 2016 and the Auditor's Report related thereto will be presented to the shareholders at the Meeting. No formal action will be taken at the meeting to approve the financial statements. The Board, upon recommendation of the audit committee of the Corporation (the "Audit Committee"), approved the financial statements prior to their delivery to the Shareholders.

4. Appointment of Auditors

Management proposes that BDO Canada LLP of Vancouver, British Columbia be appointed as Auditors of the Company, their mandate to continue until the next annual general meeting of shareholders and that the directors be authorized to fix the remuneration of the auditors.

This increased reserve will include all common shares subject to outstanding options.

Acceptance by the TSX Venture Exchange (the "TSXV") is subject to the Company obtaining disinterested shareholder approval of the amendment to the Plan.

The TSXV's policies require that the Company's disinterested shareholders must approve the amendment to the Plan. The insiders to whom shares may be issued under the Plan, and their associates, must abstain from voting on the amendment to the Plan.

The term "insiders" is defined in the *Securities Act* (British Columbia) and generally includes directors, senior officers, the five highest paid employees, and holders of more than 10% of the Company's voting shares.

Within the meaning of TSXV policies, the term "associate" means, when used to indicate a relationship with any person:

- b) a partner of that person;

3. The Company file the amendment to the Plan with the TSXV for acceptance."

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Compensation is required to be disclosed for the following persons (each a “Named Executive Officer” or “NEO”):

- (a) the chief executive officer (“CEO”) (or individual who served in a similar capacity during the most recently completed financial year);
- (b) each chief financial officer (“CFO”) (or individual who served in a similar capacity during the most recently completed financial year);
- (c) each of the Company’s three most highly compensated executive officers, other than the CEO and CFO, who were serving as executive officers as at the end of the most recently completed financial year and whose total compensation exceeds \$150,000 per year; and
- (d) any additional individuals for whom disclosure would have been provided under (c) except that the individual was not serving as officer of the Company at the end of the most recently completed financial year.

Compensation of the Named Executive Officers of the Corporation is reviewed periodically by the Compensation Committee and is subsequently approved by the Board of Directors based on the recommendation of the Compensation Committee. During the most recently completed financial year, the members of the Compensation Committee were Erich Sager (Chairman), David Toyoda and Dr. Jalil Ali. All three members are considered to be independent directors.

The Board of Directors established the Corporation’s executive compensation policies based on the recommendations of the Compensation Committee. The Board of Directors also considers compensation matters on the recommendation of the Compensation Committee from time to time during each fiscal year if it is determined necessary or desirable to do so. The Board of Directors and the Compensation Committee’s objective in setting compensation levels is that the aggregate compensation received by NEOs be generally competitive with the compensation received by persons living in the jurisdictions where the NEO resides, who have similar qualifications and responsibilities and who are employed by other companies of corresponding size and stage of development. In setting such levels, the Board of Directors and the Compensation Committee rely primarily on their own experience and knowledge and can retain outside compensation consultants as required. It also refers to compensation paid to NEOs of other medical device and technology companies such as Verisante Technology, Inc. (TSXV: VRS) and Cardiocomm Solutions Inc. (TSXV: EKG).

Compensation provided to NEOs generally consists of two principal components: (i) base salary; and (iii) options granted pursuant to the Corporation’s Stock Option Plan. In addition, the Compensation Committee will consider additional perquisites on a case-by-case basis taking into consideration the residency of the NEO and the cost of living in such jurisdictions.

Pursuant to the Corporation’s Stock Option Plan, the Board of Directors, at its discretion, determines all grants of stock options to NEOs. Such grants are considered incentives intended to align the NEOs’ and shareholders’ interests in the long term. The Corporation emphasizes stock options in executive compensation as they allow the NEOs to share in corporate results in a manner that is relatively cost-effective despite the effects of treating stock options as a compensation expense. The Compensation Committee provides recommendations to the Board of Directors with respect to option grants to NEOs.

The Corporation has entered into employment agreements with the CEO, which set forth the terms of his compensation.

The Compensation Committee reviews each NEO appointment and recommends a level of option-based award commensurate with the role and duties in building the overall value of the Corporation. These recommendations and grants of option-based awards at the initial time of appointment are reviewed by the Board of Directors. The Compensation Committee reviews the level of option-based awards periodically to determine if the overall level held by each NEO continues to represent a reasonable incentive that ties the performance of the NEO to measures and targets that reflect an enhancement to shareholders.

The Corporation has initiated a review of its compensation policies throughout the company and intends to retain outside consultants to assist in this process.

Please refer to the Company's audited financial statements as at July 31, 2016 for further details of the Company's accounting policies related to stock-based compensation and determination of fair value.

The calculation of fair market value of the stock options awarded during the year is based on the Black-Sholes option pricing model which attributes a value to unexercised options even though the strike price may be below the current market price. It should be noted that none of the value attributed to the NEO's in this table to the option based awards was realized during the fiscal year 2016.

(1) “In the Money” options are those where the market value of the underlying securities at the most recent fiscal year-end exceeds the exercise price of the option. Value is determined by calculating the difference between the closing price of the Company’s shares - \$0.28 on July 31, 2016, and the exercise price of each option, and then multiplying the difference by the number of shares under option at the fiscal year end.

Compensation of Directors

The directors of the Company receive cash and stock compensation for services rendered in their capacity as directors of the Company. The Company compensated the independent directors \$6,000 per quarter and additional \$1,500 per quarter for the chairman of the Compensation and Audit Committees.
